▲ PRODUCT WARNINGS and GUIDELINES: READ THIS INFORMATION CAREFULLY

To reduce the risk of injury or death, please follow these warnings and guidelines:

- This product is not a life-saving device. NEVER leave child unattended while in use.
- Use only under competent adult supervision. See package for recommended age of child.
- DO NOT use with a baby who cannot sit confidently.
- The possibility DOES exist that a baby could tip the unit over. To reduce risk of this happening, ensure water level is deep enough where baby cannot touch bottom.
- Exercise extra caution when baby is teething, she/he could puncture the baby boat.
- DO NOT give baby playing accessories that could potentially damage this product.
- DO NOT use this product if damaged. Check seams regularly for tears.

INSTRUCTIONS FOR USE and SAFETY

- Inflate the Baby Boat inner ring and outer ring until firm. Valves are found underneath the boat (see fabric openings). DO NOT overinflate or use high-pressure air to inflate. For best results, finish inflating Boat by mouth and ensure caps are placed firmly into the valves (see A).
- Place the Baby Boat in the water first; hold your baby and place him/her gently into the boat.
- The Baby Boat features 3 straps for securing the Sunshade and 2 straps to raise the shade upright. Raise the shade by connecting the long hook 'n loop straps to the sides of the boat (see B). Please note: Use sunscreen on your child when using this product and limit your child's exposure to the sun.

PRODUCT CARE

- Rinse with clean water after use. Do not allow products to be exposed to direct sunlight for extended periods of time. Store in a cool, dry place.
- Vinyl plastic repair kit is enclosed.
